

HOW TO USE IEEE PDF EXPRESS

Warning: pdf-express only allows you to revise the document as many as **3 times**.

So, make sure the repairs have been done properly before uploading the document.

A. Registering Account

1. Open <http://www.pdf-express.org/> website then click on the "New Users" button to create pdf express account.

IEEE The world's leading professional association for the advancement of technology Shop | Join | myIEEE | Contact Us | Sitemap | IEEE Xplore

About Us | Membership | Publications | Conferences | Standards | Careers | Education | Volunteers | Societies | Geographic Activities

IEEE PDF eXpress™ Login Page

If you are having trouble using the Conference ID from your author kit please make sure you add an "xp" at the end and try it again. For example - icde08 should be icde08xp.

6. Press the "get solution" for guidance. Use this guide to repair your document.

Understanding and Using the PDF Check Report

Introduction
"Error" and "Caution"
The PDF Check Report Responses
Recreating your PDF to be IEEE Xplore®-Compatible
Updating the pdf.cfg File
Helpful Links

Introduction

The PDF Check Report is the results of a comparison of the PDF you submit with the specifications for IEEE Xplore PDF compatibility. The report tells you where to find the problems. Below is a detailed explanation of the possible report responses, and instructions on fixing them. For additional assistance, contact IEEE PDF Support at pdfsupport@ieee.org

"Error" and "Caution"

An **error** found in the PDF means that the PDF is **not IEEE Xplore-compatible**. The PDF has failed the PDF Check. It will be necessary for you to choose one of the following options

- Fix each error per the solutions below, go to your account, click Try Again, and submit the new PDF for Checking, OR
- Go to your account, click Try Again, and submit instead your source application file(s) for conversion by IEEE PDF eXpress, OR
- Get assistance from PDF Support.

A **caution** means that some element of your PDF does not meet optimal standards, but the PDF **still is IEEE Xplore-compatible**. Correcting **cautions** in your PDF is **optional**.

The PDF Check Report Responses

Below is a table listing what responses the PDF Checker gives, and what they mean.

| The report says: | Which means: |
|------------------------------------|---|
| Bookmarks found in document | The document contains bookmarks. |
| Document contains link annotations | The document contains hypertext links to locations in the document. |
| Form Fields found in document | The document contains form fields. |
| Document contains security | Some level of security has been applied to all or part of the PDF. this includes a password. |
| Font ### is not embedded | The font listed was not embedded |
| Font ### is not subsetted | The font listed was not subsetted (at 100%) |

Recreating your PDF to be IEEE Xplore-Compatible

Using your latest PDF Check report:

- Find the **error** below, and solutions for Acrobat Distiller, Aladdin GhostScript, and pdfTeX/pdfLaTeX.
- Perform the Solution (either fix existing PDF or create new PDF). If there is more than one Cause listed, you may need to try more than one Solution.
- Go to your account, click Try Again, and submit the new PDF to IEEE PDF eXpress for Checking. If you have trouble, you may submit your source file(s) for conversion to PDF, or get assistance in creating your PDF.

| If the report says: | Possible cause(s) | Solution |
|--|--|----------|
| (1) Bookmarks found in document | (1) User inserted bookmarks into the PDF. | Click |
| (2) Document contains security | (2a) User applied security to some or all elements of the PDF (2b) If source is Microsoft Word—PDFMaker is set to apply security to all PDFs | Click |
| (3) Font ### is not embedded | (3a) The font file does not exist on the system that created the PDF (3b) The font is not being found by Distiller (3c) The font is not embeddable (3d) Using Office 2003 or 2007 (4a) PDF conversion options are not set correctly. | Click |
| (4) Font ### is not subsetted | (4b) Headers/footers were added using Acrobat 6 function (or other application) (4c) Using Office 2003 or 2007 | Click |
| (5) Document contains link annotations | (5) User has applied a link to text in the document. | Click |
| (6) Document contains form fields | (6) User has used form fields in the document. | Click |

Figure 10

- Note that when you hit "Try Again" when you are in step no. 4, you will automatically re-upload the document. Next steps will be the same as the previous steps.
